

ADJOURN DISARMAMENT MEET

GERMAN FOREIGN
MINISTER OUTLINES
CARDINAL QUESTIONSHALL NATIONS BE DIVIDED
INTO VICTORS AND VAN-
QUISHED IS POINT

BERLIN, Oct. 16.—(P)—Konstantin Von Neurath, the German foreign minister summarized "the cardinal question" of current politics today by asking, "shall the division of nations into victors and vanquished be eternalized?"

Baron Von Neurath received the entire foreign press and discussed Germany's withdrawal from the League of Nations and the disarmament conference. He asserted:

"The cardinal question around which the entire politics of the present day turns and concerning which the unequivocal answer must be given is:

"Shall the division of nations into victors and vanquished be eternalized or is, at last, the principle to receive recognition that all states are members with equal rights of the community of nations?"

"The recognition and realization of this principle is decisive for every form of international co-operation."

"All statesmen for years have theoretically proclaimed this as a self-evident truth, but they could not bring themselves to drawing the necessary and practical consequences from it."

"Last Saturday it became clear at Geneva that the German people are denied equality in one of the most important spheres affecting their existence, namely, national security."

"Thereby the powers destroyed the foundation on which the honest and faithful co-operation of nations alone is thinkable."

Deprived of Participation.

They thereby deprived Germany of the possibility to participate within the framework of the Geneva institution in discussions of actual international problems."

Labor Warned of
Changes Unless
Strikes Cease

FLINT, Mich., Oct. 16.—(P)—Industry and labor were told today by Edward F. McGrady, assistant secretary of labor, that failure to measure up to NRA standard may bring them "as a substitute for democracy in industry, either fascism or communism."

In an address to the Democratic club of Genesee county, McGrady said "There is no need for employers to lock their workers out in any dispute and there is equally no need on the part of the workers to strike to rectify any wrong."

"Whatever differences, whatever misunderstandings there are," McGrady said, "all of them can be settled without any aggressive action on either side—by appealing to your local board and if not satisfied you can take your appeal to the national labor board in Washington."

TEN PERSONS KILLED AND
MANY INJURED IN TEXAS IN
SHOOTINGS AND ACCIDENTS

(By The Associated Press)

Ten persons were killed in Texas during the week-end, through violence and accidents, and more than 25 injured. Four persons were shot, four died in traffic accidents and one was stabbed.

The toll by cities:

San Antonio—Emmanuel John White shot and killed his sister, Miss Lulu White, and his brother, Valentine, then committed suicide.

A. B. Norris, 38, railway switchman, was shot and wounded seriously by an unknown assailant.

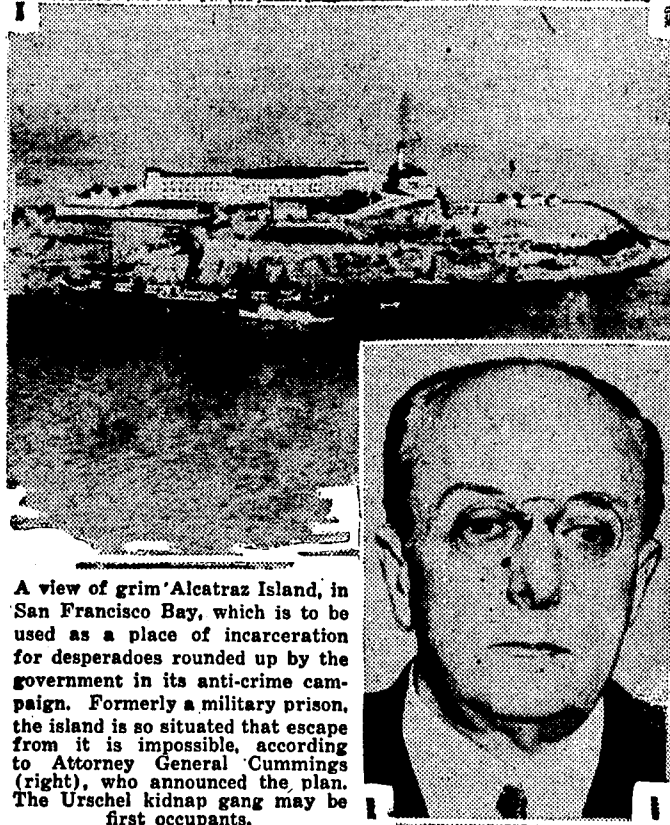

Five persons were injured when a Golden Eagle bus bound for Dallas plunged into a ditch near San Antonio, to avoid a collision.

The injured: F. L. Whiteside, Dallas driver; Mrs. W. M. Calvert, Big Wells; Mrs. Jessie Gahweller, Antonio; Mrs. L. Ransberger, San Antonio; and her son, Louis Ransberger, 17.

Mrs. Thelma Ryan, 22, Houston, suffered possible internal injuries on a highway near San Antonio.

Kerrville—Rayburn Pearson, 22, was shot and killed on the Arthur Real ranch by Charles Miller, special ranger, who said Pearson fired at him when he caught him poaching on a wild turkey preserve.

CHANGE OF VENUE
SOUGHT IN CHANCE
CASE AT FAIRFIELDCARL CHANCE IS CHARGED
BY INDICTMENT WITH MUR-
DER OF DUDLEY WILLIAMS

FAIRFIELD, Oct. 16.—(Sp.)—Hearing on a motion for a change of venue in the trial of Carl Chance, charged by indictment with the murder of Dudley Williams of Dallas last January, started before Judge Lex Smith in the Eighty-seventh district court Monday afternoon.

The motion was presented Monday morning when the case was called for trial and a recess granted to allow time to summon witnesses. County Attorney Bowlen Bond said at noon that testimony would probably occupy all Monday afternoon and a portion of Tuesday morning. He said that the state was vigorously opposing the granting of the venue change.

Carl Chance is the third man to be arraigned for the death of the Dallas victim, who was found shot to death on the Youngs Mill-Fairfield road on the morning of January 24, 1933.

Clarence Chance was given a 35-years in the state penitentiary by a jury which found him guilty at the April term of court. Lonnie Sikes, another defendant, was elected for trial at the July term but a continuance was granted in his case. Olen Tyler, a fourth defendant, is yet to be tried.

The conviction of Clarence Chance was appealed and is now pending before the court of criminal appeals at Austin. The case was argued just before the court recessed for the summer vacation.

STRIKE SITUATION
IS SHOWING SOME
CHANGE FOR BETTERSTRIKING WORKERS RETURN
TO WORK IN SOME PLACES;
WALK OUT IN OTHERS

By The Associated Press.

Some strike movements ebbed and others gained momentum in scattered industrial sectors today as mediators worked to compose labor-employer relations.

At Brockton, Mass., 1300 employees of the W. L. Douglas Shoe company refused to go to work following decision by the company not to employ workers who were not paid-up members of the Boot and Shoe Workers' union.

Exhorting by Governor Pinchot to cease "roving picketing" miners continued to return to collieries in Pennsylvania's bituminous coal fields. Strikers continued to picket steel company-owned "captive" mines, however, and no attempts were made to reopen them.

Conciliation moves in the New Jersey silk sector were temporarily halted as United Textile union leaders indicated they would act in concert with the National Textile Workers Union.

Leaders said the decision meant virtual rejection of the agreement negotiated between workers and employers.

In California, state and federal officials urged harvest hands in

Cotton Checks Are
Received to Date

Another consignment of cotton acreage reduction checks received Monday morning brought the Navarro county totals above the \$800,000 mark, according to information secured from C. C. Morris, county agent, Monday.

The latest group included 184 checks to growers for a total of \$39,630. The grand totals are now 4253 checks amounting to \$807,248.33, or slightly more than 90 per cent of the total to be received.

Vienna Students Demonstrate In Favor Germany

VIENNA, Oct. 16.—(P)—Vienna students riotously demonstrated today in sympathy with Germany. The unfurling of a huge swastika banner at the Institute of Technology was the signal for a city-wide and country-wide demonstration at the universities. Smoke bombs were exploded while the students shouted "Heil Hitler" and sang Nazi songs.

Police forces were rushed to the university, the Technology Institute, and also the Anatomical Institute. The use of clubs proving ineffective, the officers resorted to batons before quiet was restored.

The outburst of the students was particularly interesting in view of the attitude encountered in official quarters and political circles where many, although pointing out Austria is more or less bound to the friendly policy of the League of Nations, nevertheless could not suppress a private feeling of exultation.

COLEMAN FARMER

CASEY PLEADED NOT
GUILTY TO CHARGE

SAN ANGELO, Oct. 16.—(P)—Cass Coleman, who today pleaded guilty to harboring George Kelly, convicted kidnaper of Charles F. Urschel, became a witness for the government against his neighbor, Will Casey, who pleaded not guilty on similar charges.

Coleman testified that he was present when Casey rented Kelly a house for \$200 "as long as he wanted to live in it." He said he introduced Kelly as Baker, but that several days later when he and Casey were en route to San Angelo to buy household furnishings for Kelly's shack they discussed the Urschel kidnaping and he told Casey that it was Kelly who rented the house.

"What was Casey's reaction when you told him who Baker really was?" asked United States District Attorney Claude O. Eastus.

"He appeared a little bit nervous, but he didn't say anything," Coleman replied.

"Was that prior to the time you and Casey bought the bed clothes, mattress, stove, groceries and other articles for Kelly?"

"Yes," Coleman, who is Mrs. Ora Shannon's brother, testified. "Kelly's uncle, told how he aided Kelly in burying that the latter described as 'hot money,' and later led officers to the burying place. He said he helped count the \$7320, which was later identified as Urschel ransom money, at the time it was dug up."

His story was practically the same as the testimony he gave

Another Arrest
Connection With
Urschel Case

LOS ANGELES, Oct. 16.—(P)—Blaming his arrest on "politics," Mose Barnett, 38, was held here today for questioning in connection with the kidnaping of Charles F. Urschel, Oklahoma City oil millionaire, and in the disposition of \$125,000 of the \$200,000 ransom money.

Barnett is wanted in Minneapolis where he was indicted in 1927 on a charge of being one of four men who assaulted Sam Shapiro, dry cleaner, in a fight "to organize" the dry cleaning trade in that city. He surrendered Nov. 1, 1931, was released on \$2,000 bail and disappeared.

"I was mixed up in politics in Minneapolis and they made me the fall guy," said Barnett. "There's where the whole trouble lies."

Police said the communication from Minneapolis advised that federal authorities there sought Barnett for questioning with the appearance there of bills used in the Urschel ransom payment.

Barnett, who said he had lived in Los Angeles for the past year and a half, denied he had any part in the kidnaping or disposition of the ransom money, of which approximately \$75,000 has been recovered.

WARNING AGAINST PANIC IN
PRESENT CRISIS IN WORLD'S
AFFAIRS VOICED EVERYWHERE

(By The Associated Press)

"This is no time for panic."

Such, in brief, was the world-wide reaction today to Germany's withdrawal from the League of Nations and the disarmament conference and the international developments which followed.

A grave view of the resultant situation was shared by all.

"We are facing the possibility of another war," cried Senator William E. Borah, Idaho Republican, at Boise.

But, added the former chairman of the senate foreign relations committee, "no single nation is to blame. It is the result of the policies of many nations."

At Washington, however, Secretary of State Cordell Hull placed the blame for impeding world progress toward disarmament squarely up to the reich.

In other quarters the reaction was:

London—Newspapers urged Great Britain to remain cool, insisting that peace was not necessarily threatened. Urging denunciation of the Locarno peace pact, Beaverbrook reminded that it was France under certain conditions to demand British support in military movements against Germany.

Paris—"The situation is grave," said a foreign office spokesman, "but France is keeping cool." OF-

HENDERSON PLEADS
FOR CONTINUATION
OF PEACE EFFORTSPRESIDENT DISARMAMENT
CONFERENCE GREETED BY
FRENZIED APPLAUSEBY JOSEPH E. SHARKEY
(Associated Press Staff Writer.)

GENEVA, Oct. 16.—(P)—Solemnly invoking the duty imposed on humanity by the Great war's ten million dead and twenty million wounded, President Arthur Henderson of the disarmament conference, in a speech which brought almost frenzied applause from a great crowd, today demanded unceasing efforts to prevent the world being plunged into barbarism by another like conflict.

Receiving the international peace associations, a majority American, Henderson said "My message is that the struggle for disarmament must go on and that the covenant of the League of Nations shall not be treated as a scrap of paper. We will not break faith with the dead who felt that there should be no more wars."

Making what was deemed an allusion to Germany, he continued: "We must not hesitate to incur risks and make whatever sacrifice may be necessary to ensure the final triumph of the reign of law over international anarchy that breeds war."

Belief that the situation is not hopeless and that a rupture of the League of Nations may yet be averted was expressed by some representatives of league countries here for the disarmament conference.

This expression was based, they said, on an interpretation of statements at Berlin of willingness to negotiate a direct Franco-German understanding.

Beisides, it was remarked that if and when Germany officially notifies the league of her resignation,

Two Brothers and
Sister Dead After
Shooting Sunday

SAN ANTONIO, Oct. 16.—(P)—Two brothers and a sister were dead today, victims of a shooting in their apartment here, while the third brother was charged with the murder of a woman.

The dead were Miss Lulu White, 62; Valentine White, 55; and Emmanuel J. White, 51.

The brothers were dead when police arrived here before the dead Miss White told Police Chief Owen Kiddy that she and Valentine were at dinner yesterday when Emmanuel entered the room and began firing with two pistols.

Police found Emmanuel on a back porch, with an automatic pistol clutched in his hand from which only one shot had not been fired and beside him an empty revolver which had been fired six times.

Search of the apartment revealed more than \$5,000 hidden in various nooks.

Police records showed several calls to the White's address in the past several months to quiet arguments which investigators said apparently had arisen over money matters.

SAILORS FIND BODY IN SAN
DIEGO BAY SUNDAY IN DIS-
MEMBERED CONDITION

SAN DIEGO, Calif., Oct. 16.—(P)—Finding of the dismembered body of 60-year-old Mrs. Laura Ella Straw in two rope-lashed bags in San Diego Bay sent police today on an extended search for Thomas M. Jones, about 40.

Authorities sought to question the man who had boarded with the woman more than a year ago. He was last seen in the neighborhood of her home last Saturday afternoon, about 24 hours before sailors found Mrs. Straw's body.

The woman's legs had been hacked from her torso and then chopped into four pieces. Her head had been bashed in.

In her home near the business district, police found a smeared hatchet, hammer and carpenter's saw, the teeth of which were clogged with flesh. A blood-soaked mattress and pillow also were discovered.

A shore boat crew from the U. S. S. Trenton discovered the package containing the body near San Diego's main piers. A few hours later four sailors from the U. S. S. Langle saw a gunny-sack bobbing on the bay near where the body was found. It contained the legs, some of the

DURANT, Okla., Oct. 16.—(P)—Lightning killed Johnny Potter, 5, and injured his father, Will Potter, seriously when it struck the Potter home, four miles east of here, late yesterday.

A heavy hail storm stripped cotton stalks and damaged trees near Colbert.

A tornado destroyed four residences a few miles northwest of here, but no one was injured.

Earlier Sunday a tornado swept an area a mile long and 100 yards wide near Sayre, killing Frank Yankell, 77, a farmer, his wife, 74, and his great grandson, Luther Lawrence, 9. The Yandell farm home was destroyed. ALLEGED NAZI COERCION

Charges that many Germans in the United States are being compelled to cooperate with Nazi organizers through threats of reprisals against their relatives in Germany will be probed at the forthcoming Congressional investigation sponsored by Representative Samuel Dickstein, of New York, chairman of the Congressional Committee on Immigration.

Among those expected to testify is Heinz Spanknebel, head of the Freunde des Neun Deutschland (Friends of New Germany), Chancellor Hitler's head man in the United States. Dr. Hans Luther, German Ambassador to Washington, was also invited to testify, but it is believed his diplomatic status makes his acceptance impossible. Findings of the committee may be basis of representations to the German government by Secretary of State Cordell Hull.

TEN DAY RECESS
TAKEN TO DECIDE
ON FUTURE COURSEWITHDRAWAL OF GERMAN
WILL NOT END EFFORTS TO
REDUCE ARMAMENTS

GENEVA, Oct. 16.—The world disarmament conference today adjourned Oct. 26.

This was in keeping with the recommendation of the steering committee, which suggested a suspension of formal sessions until after a meeting of its committee the day before.

The conference session ended in a scene of extraordinary emotion, with the public shocked and hundreds of delegates unable to gain admission.

At the beginning of the assembly, read the disarmament resolution adopted at the peace mass meeting last night, which expressed its "earnest desire for a successful league disarmament conference."

The parity chairman expressed the hope that the conference would continue until it achieves the first step in the reduction of armaments.

Mr. Henderson followed with an outline of the developments in the situation leading to Germany's withdrawal, and read a reply to Konstantin Neurath, the German foreign minister, who on Saturday advised the chairman of the nation's intention to withdraw from the League of Nations and the parity.

The reply had been approved by the steering committee, and was said to have been applauded from many of the benches.

Questions Declaration.

The chairman declared that not wish "to let pass unchallenged" Herr Von Neurath's statements that the highly armed nations had intention to withdraw from the League of Nations and that Germany could not accept equality rights.

Ambassador Davis announced plan to stay on in Geneva during the recess. He will, however, await instructions from Washington, he said.

Mr. Henderson's answer indicated that the disarmament program provided for a progressive reduction of the reduction of armaments and also for a realization of the

BISMARCK, N. D., Oct. 16.—Governor William Langer announced today he would issue a proclamation this afternoon declaring an embargo on wheat shipments from North Dakota in an effort to raise prices and center attention on the farm plight.

The law gives the governor power to use national guardmen to enforce his order, which may be law continue in effect indefinitely.

NEW YORK MAYORAL CAMPAIGN
ROARED INTO FINAL PHASE AS
NUMEROUS ISSUES ARE RAISED

NEW YORK, Oct. 16.—(P)—The New York mayoral campaign roared into its final phase today to the discordant note of religious antagonism, and enlivened by the possibility of collapse of the revolt against John D. McCooey, veteran Brooklyn ally of Tammany Hall.

A cry of "Hitlerism" was raised against Joseph V. McKee, independent Democratic candidate, for an article written in 1915, while he was a teacher, in which, according to Florentino La Guardia, fusion candidate, he criticized the ethics of Jewish school children.

Samuel Untermyer, prominent Jewish leader, charged that the article was inspired by "an ignominious misconception of our people" and demanded an explanation of McKee—a demand answered by the recovery party candidate that no attack on Jew "was made or intended."

Mr. McKee's explanation explains nothing," Untermyer said today.

While the anti-semitism issue was being brought into the campaign, Brooklyn Democratic leaders were gathering for a "show down" with McCooey on last week's demand for his abdication, or—as an alternative—his endorsement of McKee.

Although a majority of McCooey's district leaders served him with notice only a week ago, apparently reliable intimations were heard in Brooklyn that their revolutionary ardor had cooled in

FOOTBALL BECOMES KING

A certain crown is pass-
ing through a shuffling pro-
cess and will soon end up on
a new throne. Their subjects
are reconciled to the change
so the transition should be
orderly, though noisy. The
only thing that can cause
more stir in the sports world
than a world series game or
a football contest is a world
series game and a football
contest on the same Satur-
day afternoon.

No doubt the series will
appease the appetite of most
baseball fans for another
season and it is a certainty
the hunger of the gridiron
enthusiast is near the starva-
tion point after 10 months
of fasting.

For the next several Sat-
urday afternoons the nation
will close up shop and jam
thousands of university, col-
lege, preparatory school and
high school stadiums, bowls,
grandstands, bleachers and
sidelines scattered across the
length and breadth of this
land. A few years ago foot-
ball captured the fancy of
sport-loving America and
there is no indication that its
popularity is on the wane.

Baseball is the sport of
tired business men, clerks
and factory workers. Foot-
ball is the sport of the fur-
coated flapper and school
girl, college and ex-college
folk, parents of those clad
in moleskin, and the many
others who at this time of
year transfer their affection
from baseball to football.

ROADS PREPARE TO BUY

The plan initiated by Jo-
seph B. Eastman, co-ordina-
tor of transportation, of giv-
ing business a boost by en-
couraging railroads to make
equipment purchases has
reached the stage where 47
roads are ready to buy \$44-
\$25 tons of steel rails and
245,221 tons of fastenings,
provided the prices are
right.

In making the announce-
ment, Mr. Eastman said sev-
eral of the commitments
were contingent on a base
price of \$35 a ton for rails,
although the Pennsylvania
railroad in an offer to buy
100,000 tons did not stipu-
late a reduction from the
present level of \$40.

The roads will be assisted
in making the purchases by
plans authorized under the
public works section of the
national recovery act.

There can be little doubt
that if the deals go through
stimulus will be given a
large section of industry.
The steel business, one of the
basic industries, has not
been maintaining the pace
in recent weeks which it
previously had set. This de-
velopment introduced into
the general recovery picture
an element that was a little
discouraging to administra-
tion officials connected with
the recovery program.

Should the proposed pur-
chases be made, they would
mean \$29,558,375 or more
in business for the steel com-
panies. Such a development
at this time would be an im-
portant boost not only for
the steel industry, but the
effect would be felt through-
out a much larger area of
business activity.

A Canadian is credited
with choking a bear to
death with his hands. He
would make a welcome vis-
itor in the homes of many
Americans who for the last
four years have been trying
to drive wolves from their
doors.

of his influence in Louisiana
politics seems due to suffer
a setback.

WHEN SHE IS ILL.
It's difficult with her awake
So many things she wants to
know.
"What dress did Janet wear to-
day?"
Each morning when to her I
go
To sit awhile beside her bed,
Where she is prisoner to pain,
Before she can be comforted
So many things I must explain.

"Has Mary filled the cookie jar?"
Did Janet early start to school?
Do you know where the blankets
are,
Should suddenly the nights grow
cool?
Have all the floors been oiled and
swept?
And did you feed the bird today?
Do you know where his seed is
kept?
Did you the gas bill think to
pay?

"This time the jellies should be
made.
Three days you've worn the self-
same tie.
Why don't you change it? I'm
afraid
They'll think you haven't a sup-
ply.
Have you the laundry sent away?
At night before you go to bed
Do you remember how to lay
And fold the silken
spread?"

This being dad and mother, too,
Is rather difficult to say.
I've learned how much there is to
do
About the house from day to day,
And this the burden of my song:
The home is lonely, dull and
dreary,
And all the days and nights are
long
Because the mother isn't here.

GERMANY'S AIMS

Germany proclaims at Ge-
neva her peaceful intentions
while seeking the right to
rearm. She is pictured by
Dr. Joseph Goebbels, reich
minister of public enlighten-
ment and propaganda, as
concentrating her efforts
and energies on reconstruc-
tion with no thought of pre-
paring herself to wage war
at present or in the future.
She wishes to rearm only for
defense purposes and to act
as a barrier against the
spread of communism.

France, however, remains
skeptical, and the world will
see some justification for
this attitude. It will recall
that during his reign the
present ex-kaiser repeatedly
emphasized his love of
peace. At the same time,
he continued to build up
what he hoped would prove
an invincible war machine.
Nor did he fail to use the
latter as a threat in support
of his foreign policies.

A very similar situation
exists in Germany today.
Although professing love of
peace, the expressed aims of
Hitler point directly toward
war. In no other way can
Germany hope to realize the
program laid out by Hitler,
which includes territorial
expansion and the recovery
of German colonies lost as
result of the war. Attain-
ment of these aims hardly
could come in any other way
other than by the waging of
war.

France realizes this as
must any student of present
conditions. However desir-
ous of peace the Hitler gov-
ernment's program clearly
forecasts war.

WHY CRIME GROWS

A lot of common sense
was packed into the state-
ment by Federal District
Judge J. Foster Symes in
Denver that no more new
laws are needed, "but what
we do need is prompt ap-
prehension and punishment
of criminals according to the
laws we now have."

In the present discussion
of crime, it seems that chief
attention is being given to
proposed new laws, ranging
from the fingerprinting of
every adult person in the
country to the clothing of
all state peace officers with
federal powers.

"Instead of having a lot
of new laws cluttering up
our statute books," says
Judge Symes, "we need bet-
ter public service on the
part of officials, less cor-
ruption and bribery in of-
fice, less politics and more
prompt discharge of duties."

This summing up of the
situation leaves little to be
desired. More laws would
open the way for further
violations as no law en-
forces itself.

The problem is how to
bring about the condition
which the Colorado judge
pictures as needed. If the
thought now being given to
proposed new laws were
given to this question, some
progress toward better en-
forcement might be made.

Jesse James made his big
mistake by not giving his
victims a few stock certi-
ficates.

THE SHADOW

—By Clive Wood

TOO MANY STRIKES.

The country has cause to
view with deep concern the
large number of strikes now
afflicting various lines of in-
dustry.

It had been expected that
the system of codes under
which business has been
placed would reduce labor
disputes to a minimum, and
that the resulting harmony
would give impetus to gen-
eral recovery. From one end
of the country to the other,
however, there are strikes
and rumors of strikes. Men
are refusing to work where
work for them is available.
Various reasons are given
for the walk-outs. Some of
the strikes are due to al-
leged code violations by em-
ployers.

It is an observable fact
that strikes are more numer-
ous in time of prosperity
than in time of depression.
The present labor disputes,
therefore, are regarded by
some as further evidence of
returning prosperity.

It is hard to believe,
though, that business recov-
ery would not advance at a
much more rapid pace if
harmony instead of discord
existed in the industrial
world.

The duty is no less upon
labor leaders than on the
NRA to seek by all proper
means to discourage strikes
while business of all kinds
is trying so hard to get up-
on its legs again. Machinery
is provided in the industrial
act for the settlement of dis-
putes and this ought to be
brought into operation with-
out delay. Otherwise, a set-
back threatens to be given
recovery and at a time when
the effects might be much
more serious than labor of-
ficials think.

EYES ON AMERICA

Every foreign student of
contemporary American af-
fairs is impressed with the
revolutionary changes
wrought here since last
March. That the United
States is moving into a new
political and economic or-
der can no longer be doubt-
ed.

We are amazed by this
metamorphosis in our na-
tional outlook, but that
which is commonly termed
the American revolution is
exactly what Europe expec-
ted of America. Just when
we had convinced ourselves
that, politically and econom-
ically, we were the most
conservative and reaction-
ary people in the world we
prove ourselves the most
peacefully and matter-of-
factly revolutionary, just as
Europe said we would.

Ten years ago the Aus-
trian philosopher, Rudolf
Maria Holsapfel, said the
people of America were the

SANS BALLYHOO

Apparently the national
recovery administration is
going to make sure of suc-
cess for its "Buy Under the
Blue Eagle" campaign for
twice it has postponed the
launching date and now an-
nounces modifications in the
plans. In the absence of oth-
er reasons it is assumed that
the postponements were oc-
casioned by the alterations.

Emphasis is placed by the
NRA administration on the
change calling for the elim-
ination of "all ballyhoo, red
fire and hoorah" in the
coming campaign, which it
seems is to use every med-
ium that will impress upon
the public mind the fact
that one inevitable result of
a successful program to pub-
licize back to work will be
higher prices.

The distinction between
ballyhoo and emphasis in
this connection is not quite
clear, but probably the
thought intended was that
the campaign is to be one of
proof or tangible evidence
rather than one of claims
and promises. The consum-
ers must be made to buy
or the NRA will fail and
talking them into it is not
100 per cent effective.

Too much ballyhoo might
have the effect of boosting
prices faster than the grow-
ing buying power of the
people warrants. Rising
prices, rising wages and in-
creasing buying power have
a mutual relationship and
must keep in step. This the
government has been work-
ing for during the last
month.

hope of the world and pre-
dicted that what he termed
"those utilitarian instincts
which suppress and confine
the soul" would be over-
come by a nobler concept
of life, immensely to influ-
ence all civilization.

Almost overnight Amer-
ica has been transformed
from a land of ruthless and
brutal individuality into a
regulated and co-operative
capitalism. One day the na-
tion was worshipping rugged
individualism; the next it
was practicing national co-
operation.

And there were Ameri-
cans who had lost all faith
in America. They could fore-
see no more great contribu-
tions to political economics
from these shores at the very
hour that the country was
preparing to make its sec-
ond great gift to the world.

Editing a magazine is

other magazines and ask
them to do something.

Accused Slayer
Of Dancing Girl
Gets Suspension

DALLAS, Oct. 13.—(P)—A
district court jury today re-
turned a five-year suspended
sentence in the trial of Louis
Ruthardt, 24, for the death of Jo Betty
Bell, his 17-year-old dancing
partner, at a night club near Dallas,
May 30.

Ruthardt thanked the jurors
and left immediately for Okla-
homa City with his mother to
begin work with an oil concern
there. He said he had decided to
give up his dancing.

The jury began deliberation
at 7 p. m. last night, went out
for supper and resumed its con-
sideration an hour later.
Miss Bell died at a Dallas hos-
pital several hours after she had
complained of feeling ill as she
sat at the night club between
Dallas and Fort Worth with
Ruthardt and the leader of the
orchestra, Ruthardt went to
Grand Prairie, nearby, for a
physician then brought her to the
hospital where she died 45 min-
utes later.

Potato Display In
C. of C. Window
Attracts Attention

A unique sweet potato display
was on exhibition in the window
of the Corsicana Chamber of Com-
merce Saturday. County Agent C.
C. Morris reported that the po-
tatoes had been grown by G. L. Hig-
gins, residing four miles north of
Corsicana on Highway 75.
From one hill Mr. Higgins se-
cured one tuber weighing over
five pounds, while from another
he secured a total of 25 potatoes
weighing 21 pounds. The potatoes
were grown for stock feeding.

MOUNTED POLICE
RIDE DOWN CROWD
IN NEW YORK CITYFIFTY ARRESTS MADE AS
RESULT RADICAL DEMON-
STRATION BEFORE HOTEL,

NEW YORK, Oct. 13.—(P)—
Mounted police rode
their horses through crowds
of rioters today at NRA
headquarters at the Hotel
Pennsylvania in midtown
New York. Police said radi-
cals numbering 3500 were
responsible for the disorders.

More than fifty arrests were
made. Groups of demonstrators,
bearing placards and banners,
were pushed back to sidewalks
and police attempted to chase
them out of the neighborhood.

More than 2000 strikers in the
cleaning, dyeing and tailoring in-
dustry assembled at the hotel at
10:30 a. m.

NRA officials charged the demon-
stration was inspired by a com-
munist faction which refused
to be taken into right wing unions
following NRA mediation. A
threatened strike of 25,000 workers
of neighborhood shops.

Under the terms of the media-
tion right wing unions were to be
recognized and cut prices in the
industry were to be abolished.

Banners carried by the demon-
strators proclaimed a right to se-
lect their own labor organizations.
The original 2000 gathering
of the hotel was shortly augmented
by 1000 more from the left wing
of the boot and shoe workers, also
on strike. At noon the demon-
stration was swelled by the addition
of 500 men's custom tailors.

Many hundred bystanders watch-
ed the melee from safe vantage
points beneath the pillars of the
Pennsylvania railroad terminal.

The cleaning and dyeing group
attempted to rush into the lobby
of the hotel, but were prevented by
patrolmen on guard. They then
marched around and around the
block, displaying their banners
and making several unsuccessful
sorties toward the entrances.

A delegation of 12 was finally
permitted to enter to confer with
Thomas J. Donovan, acting head
of the NRA interpretations bureau,
and Ivar Axelsen, executive sec-
retary of the mediation committee.

While they conferred, the para-
dise on the street for arriving
policemen, and unseated one
of the mounted contingent.

Large Percentage
Cotton Checks Of
County Received

Slightly more than seven-
eighths of the checks due cotton
growers in Navarro county had
been received Friday morning, C.
C. Morris, county agent, reported
after a quota of 431 had been re-
ceived in the morning mail and
distributed. The cash value of
Friday's group of checks was
\$80,222.

Grand totals for the county up
to noon Friday were 4021 checks
for \$700,558.38; leaving a balance
of 665 checks for approximately
\$173,000 yet to be received.
Although definite figures are
not available it is believed that
Navarro county stands at the
head of the list for final com-
pletion of contracts through receipt
of checks.

Limestone Farmers
Receive \$517,368.50
In Cotton Checks

MEXIA, Oct. 13.—(Sp.)—County
Agent F. B. Lewis reports that
2377 farmers of Limestone coun-
ty have received \$517,368.50 thus
far in the cotton crop reduction
program and more money is com-
ing in nearly every day. Thus
this county has passed two thirds
of the amount it is to receive
from the government for plowing
up cotton.

Checks are sent to trading cen-
ters where the farmers call for
them, after notices sent out by
the county agent.

NEWS OF GENERAL
INTEREST GATHERED
IN FAIRFIELD AREA

FAIRFIELD, Oct. 14.—(Sp.)—
Sunday night, Oct. 29, a county-
wide B. Y. P. U. meeting will be
held with Calvary Baptist church
in Fairfield. A most interesting
program has been prepared and
a big crowd is expected to be
present.

The Freestone county council
of Parent Teacher associations
was held in Teague, Saturday,
October 7. The meeting was held
in the home economics building
with Mrs. P. O. French, of Fair-
field, president of the associa-
tion, and Mrs. J. C. Wil-
bert, of Dew, acting secretary.
Most excellent program was
joyed by all.

J. M. Wood, who recently un-
derwent a civil service examina-
tion in connection with his ap-
plication for appointment as
county cotton enumerator, has
received notice of his appointment
to that position, succeeding F. H.
Watson, who was not an appli-
cant for re-appointment.

Announcement has been made
that Elliott and Waldron Abstract
Companies have leased the Bon-
ner and Anderson abstract plant
in Fairfield and have taken
charge of the plant. This makes
the sixty-second of this com-
pany in Texas. The local plant is
in charge of J. Curry, assisted
by Miss Elizabeth Anderson.

Funeral services for Mrs. Chas.
Pisek, aged 86 years, native of
Tennessee, but long time resident
of Corsicana, who died suddenly
Friday afternoon at her home,
1442 West Seventh avenue, were
held Saturday afternoon at 3
o'clock from the family home with
burial in Oakwood cemetery. The
services were conducted by Rev.
W. R. Hall, pastor of the First
Presbyterian church.

Surviving are two daughters,
Mrs. Virginia Johnston, Corsicana,
and Mrs. John L. Green, Parks;
five grandchildren, Neal Rose,
Parks and Miss Susie Bell Rose,
Houston, and three grandsons of
Corsicana.

The funeral was directed by
the Sutherland-Macomber Funer-
al Home.

Palbearers were J. J. Stewart,
Ed Holmes, B. J. Dorgan, J. W.
McCleary and W. B. Baker.

Verdict Against
Ford for \$100,000
Returned Friday

PHILADELPHIA, Oct. 13.—(P)—
Verdict of \$100,000 against Henry
Ford was awarded today by a
jury in the suits involving the
Detroit manufacturer and the
Sweeten Automobile Company of
this city.

The jury was out three hours.
Ford sued the Sweeten Automob-
ile Company for \$6,800 admitted
to be due on promissory notes, and
the Sweeten concern brought a
counter action to recover \$100,000
which it claimed it lost as a re-
sult of Ford taking over the Lin-
coln Motor Company. The Sweet-
en Company was the Philadelphia
distributor for the Lincoln car at
the time. It is now in receiver-
ship.

The Sweeten Company contend-
ed that Ford had promised to
make good all obligations outstand-
ing against the old Lincoln Com-
pany.
Benjamin O. Frick, counsel for
Ford, said he could not determine
whether an appeal would be filed
until he had consulted with gen-
eral counsel for the Ford interests.

... and now the sale you have waited for

The Messenger of Economy Sale was first conducted by Marks Brothers last year from September 22 to October 8, and the buying public of Corsicana and vicinity, quick to recognize honest bargains, simply flocked to this store to take advantage of the out of the ordinary savings. At that time we decided to make this sale an annual event—and here it is.

The Outstanding Sale of the Year!

Many months ago—long before prices on all good merchandise—started its rapid advances—we began to search the markets both near and far for exceptional values to offer you at this time. This store is loaded with the most desirable merchandise obtainable for fall and winter and as this is being written, we are still unpacking lovely things for men, women and children, and putting prices on them that are far below present replacement prices. We have prepared a splendid stock of merchandise—marked at sensationally low comparative prices and we are making ready for the greatest sale in our business history. Fifteen selling days—and every one of them offering exceptional bargains in standard quality merchandise. The regular Marks standard of quality has been maintained in spite of the extremely low prices.

Your Dollars Will Buy More Now

Under present conditions you must make every dollar you spend buy the utmost of the things you need. If you have any ideas of real values in good merchandise—if you want the dollars you spend to show actual savings—then you will be here when the doors open Thursday at 9 a. m., and you will attend this sale many times in the fifteen bargain giving—money saving days to follow.

BRING OUT YOUR EYES
In your skin. You may easily do it by using the right foods that will always be considered good. Even if you have been blemished with every possible physical fault, the worst people can say of you is, "No, she isn't good looking," but she has beautiful eyes. A great deal of the beauty of the eyes is artificial; that is, the result of make-up and a judicious choice of colors.

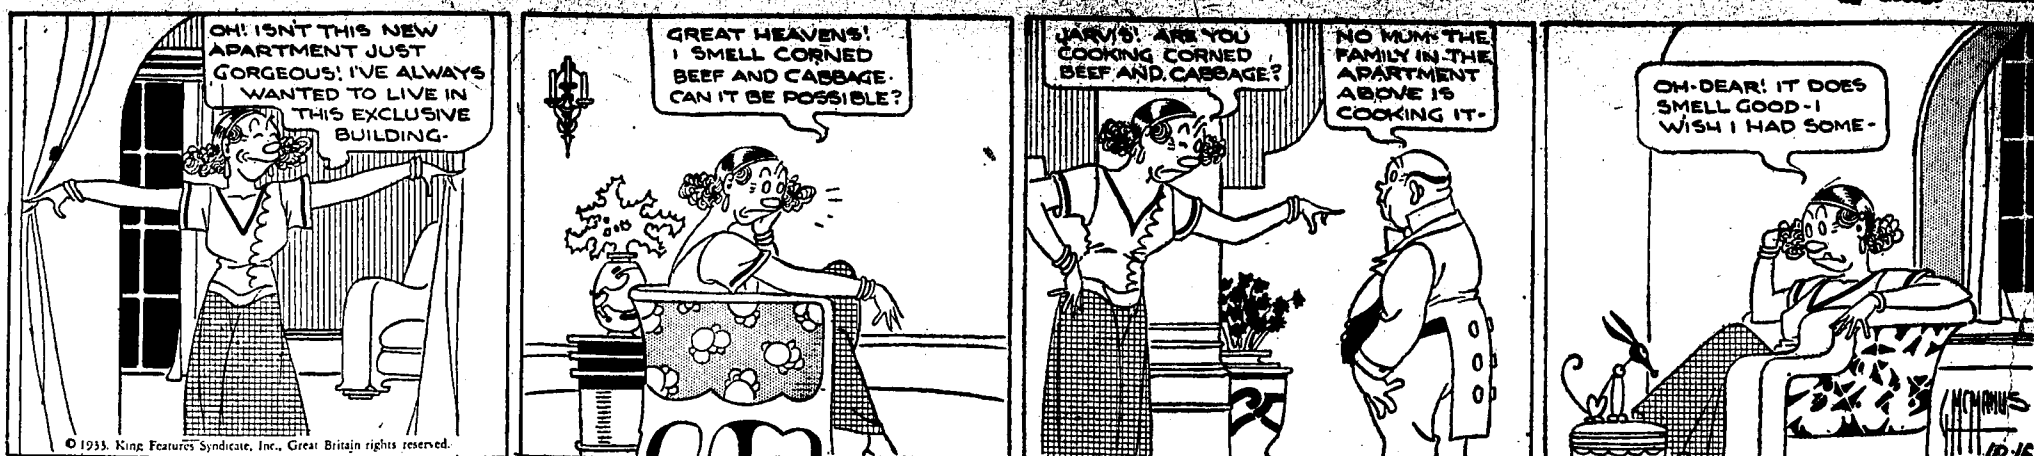

NAVARRO COUNTY'S CONSERVATION CORPS QUOTA PLACED AT 49
Navarro county's quota for enlistments in the civilian conservation corps has been increased to 49, according to information received by the Navarro county board of welfare and relief. This number represents an increase of 15 over the original quota.

Alan C. Love, county administrator, announced Friday that it would be possible to accept at least one enlistment from almost every community in the county. Community relief officers are asked to get in touch with the central office immediately. Four of the places are to be filled by cooks of experience. Some of the men are to report to Waco for assignment, and the remainder to report at Weches, Houston county.

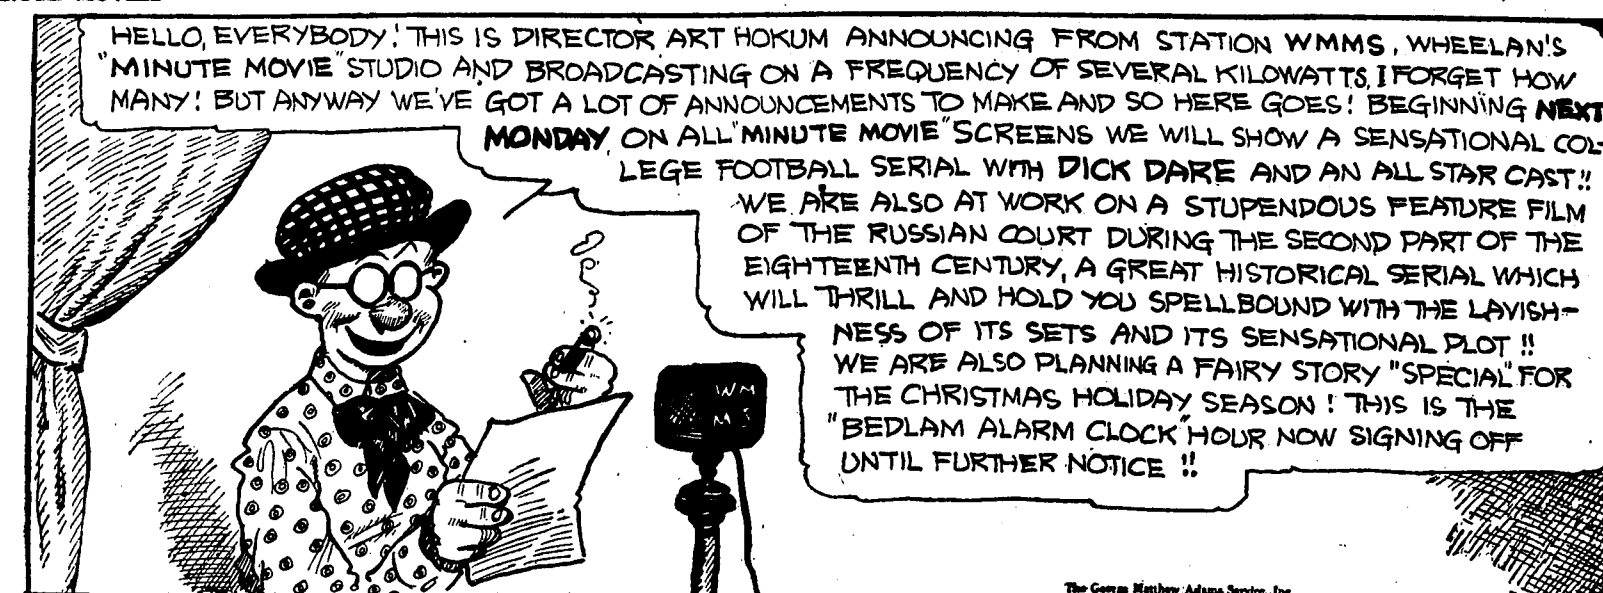

Small Number Of Cotton Checks In Mail on Saturday
A small complement of cotton acreage reduction checks was received Saturday by County Agent C. C. Morris and further diminished the number yet outstanding to \$17,107. The latest group included 48 checks totaling \$7,107 and brought the total receipts up to \$787,666.33.

There is no reason why you should not use olive oil on your skin, provided it is a fine grade of oil. Many very fine creams are made from this oil, so there can be no objection to using it. It is just a matter of preference, if you use olive oil or the finest almond oil for both are excellent. The small lumps you mention are probably due to a condition in your system that usually causes pimples. It is nature's effort to clear out a toxic condition. Cleanse your system in some way and note the change.

ANNUAL CAMP FIRE CAMPAIGN FOR FUNDS WILL OPEN TUESDAY

HON. LUTHER JOHNSON TO ADDRESS BOARD MEMBERS AND WORKERS

The annual campaign for funds with which to carry on the Camp Fire work among the Corsicana and Navarro county girls will be conducted this week, beginning Tuesday (tomorrow) morning and running through Thursday. The campaign will be preceded by a business meeting of the Camp Fire council board on Monday evening at 7:30 at the Navarro Hotel, which will be followed by a social meeting with light refreshments served.

Hon. Luther A. Johnson, congressman from the Sixth Texas district, and one of the most interesting speakers in this district, will deliver the main and only real address of the evening. It was stated, and he will discuss the value and benefits and the real necessity for Camp Fire and kindred activities among the girls of today.

The Monday night meeting will be in the nature of a business session for members of the Camp Fire Council of Corsicana and the campaign workers and all these are urged to be in attendance and hear the reports and plans for the three-day campaign which is expected to mean so much to the girlhood and future womanhood of Corsicana and Navarro county.

This work has been carried on in Corsicana for the past several years and practically everybody is acquainted with the objects and ideals of Camp Fire, and it might be added that practically everybody is "sold" on Camp Fire and its great work among the girls. Corsicana has in years past come to the aid of those who are giving of their time and talents in behalf of better girlhood, better womanhood and better citizenship in general in this work, and it is expected that no trouble will be met in raising the desired and required funds to keep this great work moving along.

Macon Arrives at New Pacific Coast Home on Sunday

SUNNYVALE, Calif., Oct. 16.—(AP)—Under cover at its new home port, the giant United States navy dirigible Macon rested here today after a 3-day cruise from Lakehurst, N. J. While the rays of setting sun flashed along its 785 feet of silvery length, the monarch of the air nosed into the mooring mast "cup" at 4:17 p. m. (Pacific Standard Time) yesterday, 70 bowmen and minutes after leaving Lakehurst. It was then anchored and wheeled into the huge hangar prepared for it. Commander Alger H. Dressel said the Macon met every test of the long cruise, rode through storms and rain without stress or strain.

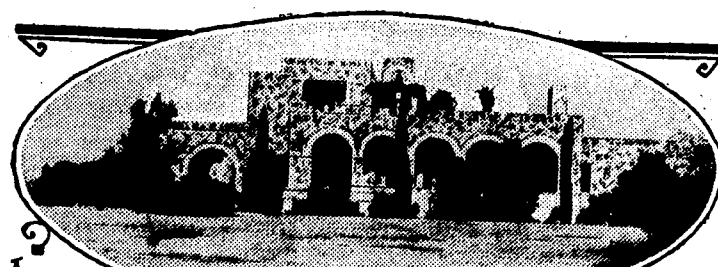

Local Ice Dealers Operate Under Code

The ice industry code was signed by President Roosevelt Oct. 3, making Corsicana Saturday night, Oct. 14, the first effective in city today, Monday, Oct. 16. W. Edens, local manager of the Southern Ice & Utilities Company, announced today. The code is very comprehensive and carries heavy penalties for violations. Mr. Edens said some slight changes in our structure were of necessity made to effect today. "I regret we could not announce changes prior to becoming effective but time did not permit. We are now posted on wagons, trucks and at platform and will appear in this paper within a few days," Mr. Edens said. An official of the Superior Ice company announced that similar changes had been put in effect at that plant, and it is understood that the same scale is in effect at all four plants here. Local ice company executives attended a conference in Dallas last week when various phases and details of the new code, etc., were explained.

SHELL'S BUFFALO WELL LOOKS LIKE REAL PRODUCER

Setting casing at the Shell Petroleum-Penn. Beggs No. 1 test near Buffalo is under way, according to reliable information received here Monday. It was also reported that the Tidewater and Seaboard wells in the Long Lake area 15 miles west of Palestine, Anderson county, is making approximately 40 barrels of oil per hour. This well came in as a gasser several days ago.

BROTHERS DUEL

(Continued From Page One) injured, officers said, possibly when she was caught between their fire. They lived in two little upstairs apartments. A six-hour search of their living quarters yielded money, jewelry, gold and stocks valued at approximately \$50,000 and officers expected to find more cash and securities. A heavy police guard was established at the place. Lying on her death bed at the hospital, the sister calmly declared: "I guess I'm going to die—I'm shot."

She gasped her version of the tragedy, enacted while several thousand persons bowed their heads as mass was celebrated in St. Mary's Catholic church, almost directly across the street. Miss White said she and her brother, Valentine, were seated at a kitchen table eating dinner when the other brother, Emmanuel, strode in.

Held Two Pistols. Emmanuel had one pistol in his gloved right hand and a second in his left hand, which was ungloved, she said. Emmanuel fired, she said, and Valentine sprang up, recoiling as if struck. Valentine then dashed into his room and armed himself with a pistol.

Then, according to the scene reconstructed by officers, the two brothers, said never to have been on congenial terms, poured a rain of leaden death into one another. Valentine was shot four times, once in the heart, twice in the abdomen and once in the right arm. Emmanuel was shot only once.

The bullet pierced his right chest, but rang across toward the heart. He was found in the hallway outside his brother's apartment, gasping his last breath. A .38 caliber pistol with six empty shells was in his right hand, and a second pistol lay beside him, officers said. The sister dropped with bullets in her back, abdomen and left arm. She lay near a dresser, officers said, and there was a bloody smear on a drawer in which there was another loaded pistol.

Justice of the Peace R. W. Stappenbeck, who is conducting an inquest, expressed belief she might have been trying to reach the gun when she was shot.

CORSICANA WOMAN INJURED IN AUTO ACCIDENT SUNDAY

Mrs. E. F. Beasley, 1912 West Collin street, was given treatment in a local hospital Sunday afternoon for injuries received when the car in which she and six others were riding turned over on a long hill about two miles from Ferris, on Highway 75, about 2:30 yesterday. The others were uninjured except for minor cuts and bruises.

Mrs. Beasley suffered three fractured ribs and a hip injury, but an X-ray picture failed to disclose any other internal injuries or broken bones. She was given first aid treatment at the hospital and taken home later Sunday.

The car was said to have swerved into a railing on the side of the road and turned over twice, when a tire blew out. The car was badly damaged. Other occupants of the machine, who escaped serious injury were E. B. Beasley, Mrs. Lora Montfort and son, Garland; and Misses Theama, Ona Fay and Sarah Beasley.
